# CRIAÇÃO DO BANCO DE DADOS

The screenshot displays the MongoDB Compass web interface. On the left sidebar, the 'Rota Real' database is selected, showing 3 DBS and 8 COLLECTIONS. The 'RotadeOuro' database is expanded, showing a collection named 'v1.0'. The main panel shows the 'RotadeOuro.v1.0' collection with 0 documents and 1 index. The 'Documents' tab is active, and a message states 'This collection has no data'. Below the message, it says 'It only takes a few seconds to import data from a JSON or CSV file' and there is a green 'Import Data' button. The interface includes a filter bar with a placeholder query '{ field: 'value' }', a search bar, and a refresh button.
